

Letter of Certification

This is to formally certify that:

The tune up procedures of Mobile Scouting Camera (Model: Ltl-5210MM; Ltl-5210MC; Ltl-5210M; LTL-MM1; LTL-BM1) the unit does not need not need tune up because all the setting was configured by firmware. The end user is not allowed to perform final tune. All the power and frequency set up were finished at the manufacturer stage.
