EASY GRIP WIRELESS MOUSE

NANO USB PLUG & PLAY CONNECTION

Quick Start Guide

Model#: 2IHMS1576

Package Contents

- 1 2.4G Wireless Mouse
- 1 USB Nano Receiver
- 1 AA Batteries

- 1 **DPI Button**
Switch between 800, 1200 and 1600 DPI
- 2 **Scroll Wheel**
In your web browser:
1. Can open links in new tabs when clicked
2. Can close open tabs when clicked on.
- 3 **Right Key**
- 4 **Left Key**
- 5 **Backward Key**
Next page, Windows only
- 6 **Forward Key**
Previous page, Windows only

Operation

Battery Installation Steps

1. Open the battery cover of mouse.
2. Put battery into battery compartment according to the polarity marks of the battery grooves.
3. Put the battery cover back on to the mouse ensuring that the cover is on securely.

Power On-Off

1. To turn on before use, flip mouse over and turn the power switch to the "ON" position at the bottom of the mouse.
2. To turn off after use, flip mouse over and turn the power switch to the "OFF" position at the bottom of the mouse. This will help prolong the battery life if the mouse won't be in use for a long period of time.
3. Mouse will automatically enter power saving/sleep mode when not in use, and automatically turn on by pressing any button.

System Compatibility

1. Computer Mode: IBM PC/AT Compatible, Power Macintosh
2. Operating System: Windows 98/ME/2000/XP/Vista/Win7/Win8/Win10/Win11/Mac
3. Interface: USB 2.0

TIPS

1. Optical mouse might not work smoothly on some special surfaces such as: smooth, glass, dark black, reflective and 3D mouse pads surface.
2. When storing keep in a cool dry place.

- #### Receiver Installation Steps
1. Remove the receiver from the bottom of the mouse.
 2. Plug the nano receiver into your computer's USB port.

Connecting Your 2.4G Mouse

1. Make sure USB receiver is plugged into computer.
2. Turn on the power switch at the bottom of the mouse to the "ON" position.
3. After computer has identified the receiver automatically; your wireless mouse has now been installed.

FCC STATEMENT

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a wireless power charger, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the dealer or an experienced radio/TV technician for help.

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Limited Lifetime Warranty

What is covered under the Limited Lifetime Warranty? Lifeworks Technology warrants that this product will be free from defects in workmanship and materials under normal use ("Limited Lifetime Warranty"). In a case where the product is determined to be "defective", we will repair the product free of charge. If we cannot repair the product, we will replace it for you free of charge.

How long am I covered? You are covered for the lifetime of the product which means that as long as we are still manufacturing and selling the product we cover you under warranty.

What is not covered under the Limited Lifetime Warranty?

1. Normal wear and tear of product use.
2. Misuse, lack of care, mishandling, accidental damage, abuse, or other abnormal use.
3. Use of the product other than for its intended purpose.
4. Damage caused by improper or unauthorized repair or maintenance.
5. Product that has been modified or altered.
6. Any product that is not manufactured by Lifeworks (including, without limitation, any non-Lifeworks product that is used in connection with the product).

Health and Safety Warnings

Use of a mouse may be linked to serious injuries or disorders. As in many activities, when using a computer you may experience occasional discomfort in various parts of your body. However, do not ignore symptoms such as persistent or recurring discomfort, pain, throbbing, aching, tingling, numbness, burning sensation or stiffness. Promptly see a qualified doctor, even if symptoms occur when you are not working at your computer.

There is general consensus among researchers that there may be many factors linked to the occurrence of these symptoms, including overall health, stress, physical condition and how a person positions and uses his or her body during work and other activities (including the use of a keyboard or mouse). The amount of time a person spends performing an activity may also be a factor.

If you have questions about how your own lifestyle, activities or physical condition may be related to these symptoms, see a qualified health professional.

Battery-Powered Devices
Use of rechargeable or disposable batteries in an improper manner may result in battery fluid leakage, overheating or explosion. Battery fluid is corrosive, may be toxic, can cause skin and eye burns, and is harmful if swallowed.
Radio Frequency Technical Specifications: 2.4 GHz Devices
Non-specific short range device. RF output power meets all SRD requirements.

Warning Improper setup, use and care of this product can increase the risk of serious injury death or device damage. Read and keep this guide and all other printed guides for future reference. For updated guides or replacements go to golffeworks.com

Do Not Attempt Repairs. Do not attempt to take apart, open, repair, service or modify the device(s). Doing so may risk electric shock or other hazards. Evidence of any attempt to open or modify the device, including any peeling, puncture or removal of labels, will void the Limited Lifetime Warranty.
