

LG Electronics MobileComm USA, Inc.

1000 Sylvan Ave., Englewood Cliffs, New Jersey 07632, United States

Tel: 201-266-2534 ; Fax: 201-816-2003

Date: July 25, 2013

We, LG Electronics MobileComm USA, Inc., hereby declare that the model of FCC ID: ZNFD802, has the following frequency scanning plan:

Active scan on 2412-2462 MHz, 5180-5240 MHz and 5725-5825 MHz;

Passive scan on 5260-5320 MHz and 5500-5720 MHz;

Country code selection is not available in this device. The device maintains a list of DFS channels/frequencies and does not allow "Ad-Hoc", WiFi direct or any other transmission on non-US frequencies over DFS frequencies, unless under the control of a master device. This includes transmissions for beacons, ad-hoc, hotspot, and peer-to-peer modes.

Should you have any questions or comments regarding this matter, please have my best attention.

Sincerely yours,

Jacob Cho/ Director, Standards & Compliance
