

11. SETUP PHOTOS

RADIATED AND POWERLINE CONDUCTED EMISSIONS MEASUREMENT SETUP	
A photograph showing a white, rectangular test chamber with a blue cross on its front face, positioned on a circular turntable in an anechoic chamber. Red metal rods are visible in the foreground.	A photograph showing the back of the white test chamber in the anechoic chamber, with a red metal structure visible in the background.
A photograph showing the front of the white test chamber with a blue cross, viewed from a slightly different angle than the first photo. A red horn antenna is visible in the background.	A photograph showing the back of the white test chamber, viewed from a different angle, with a black absorber visible in the background.
A close-up photograph of a yellow surface with a red stripe, showing a blue and black electronic component connected to wires.	A side-view photograph of the yellow surface with the red stripe, showing the blue and black electronic component and its connections.
