**To Whom It May Concern:**

**Subject: Validity of Test Results from Testing / Certification of the integrated Module**

WE, Verizon Telematics Inc.  
2002 Summit Blvd Suite 1800  
Atlanta, GA 30319

Confirm that that the results from conducted tests applied to the radio module SL3010T, N7NSL5011, which is incorporated in our host equipment AT-155, ZOQAT-155, and as reported in module test report "SL3010T Test Report for FCC Certifications", dated August 22, 2013, accurately represent the test results under the new conditions when the identified radio module is integrated in the identified host equipment.

By integration of the said radio module into the identified host equipment no changes were made to it or by external adaptation circuitry that impacts the validity of the results of the original module's test reports.

A handwritten signature in black ink, appearing to read "BT Elliott".

Bryant Elliott  
Senior Director of Engineering
