**To Whom It May Concern:**

**Subject: Model Equality Declaration / Validity of Test Results from Testing / Certification of Model Variant**

WE, Verizon Telematics Inc., 2002 Summit Blvd.; Atlanta, GA 30319;

attest that our GPS Navigation Device with 3G and Bluetooth

model no. AT-250, certified under FCC ID: ZOQAT-250 and IC: 9734A-AT-250,

is identical to

the new model no. AT-255, for which we apply certification under FCC ID: ZOQAT-255 and IC: 9734A-AT-255,

except from the following:

- The new model no. AT-255 is equipped with a different Bluetooth IC

Based on this equality we claim validity of the FCC part 22 / part 24 (RSS-132 / 133) test results used for certification of model AT-250 and documented in test reports

- EMC\_VERIT-001-13001\_AT\_250\_FCC22\_24 (CETECOM Inc., 03-20-2014) and
- Sierra Wireless SL8080 Modem Test Report "FCC Part 22, 24 / RSS 132, 133", SL8080, July 21, 2010

for the new model AT-255 as well.

Documentation proving the equality of the above given models will be part of the filing exhibits.

For Verizon Telematics Inc.,

Bryant Elliott, Senior Director of Engineering

November 14, 2014

A handwritten signature in black ink, appearing to read "Bryant Elliott". The signature is written in a cursive style with a horizontal line underneath it.
