

STANDARD MICROSYSTEMS CORPORATION

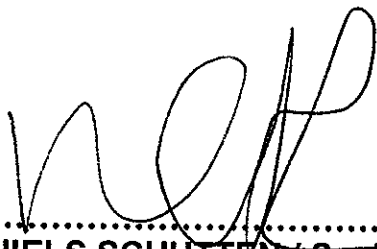

Declaration of Product Modifications

This is to request a Class II permissive change for FCC ID: ZQO-CX8703D, originally granted on 08/26/2011.

The major change filed under this application is:

- Addition new antenna, antenna type is different with the original application, the original antenna type is Inverted-F, change to Linear polarization.
- All other hardware are identical with original granted.

Sincerely,

.....
