

Keefit

Model: IR130

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Keefit Activ + 12 month Warranty

Keefit prides ourselves in the quality of our products but every now and then there may be a bump in the road. We therefore guarantee our products for 12 months (1 year) against defects in materials and workmanship under normal use. If a hardware defect occurs within the warranty period of 12 months Keefit will either replace defective part or provide a replacement product, providing proof of purchase is sent with the item. A replacement product or part assumes the remaining warranty of the original product or 12 months from the date of replacement or repair, whichever is longer. When a product is exchanged or part of product is exchanged, any replacement becomes your property and replaced item becomes Keefit's property. Parts provided by Keefit in fulfillment of its warranty obligation must be used in products for which warranty service is claimed.

When returning product under warranty, item must be returned along with original packaging and retailer receipt. **Without the receipt, the warranty will be considered invalid.**

It is your responsibility to back any data up. If in repair or replacement, goal data is lost Keefit claim no responsibility for this. Keefit is not responsible for product failure caused by none compliance with product instructions. The warranty does not cover the cost of returning the product, this must be born by the customer. No Keefit reseller, agent or employee is authorized to make any modification extension or addition to this limited warranty. If any term is held to be illegal, or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

Keefit Activ + Product Disclaimer

Keefit is a device developed to assist monitoring aspects of your health but should never replace the professional advice of your Doctor or Physician. Keefit are not a licensed medical care provider and have no expertise in diagnosing, examining or treating medical conditions or any kind, or determining the effect of any specific exercise on a medical condition. We strongly recommend that you should consult a Doctor or Physician before partaking in any type of physical exercise, fitness plan or diet.
