ATTESTATION STATEMENT

Declaration on Electrically Identical Models

TO WHOM IT MAY CONCERN

We, Sonic Innovations Inc., 2501 Cottontail Lane, Somerset, NJ 08873, USA, declare on our sole responsibility that the products with the model names

BL100 BTE, BL80 BTE, CH60 BTE

with FCC ID **ZTOBTE01** and IC Certification Number: **9799A-BTE01**

are electrical identical to the product with the model name

ST BTE Fusion 2

The products incorporating the radio equipment are hearing aids. Differences between the various model numbers are due to different audiological / electro acoustical properties:

- Number and extent of certain features of the audiological signal processing varies for the models BL100 BTE, BL80 BTE and CH60 BTE.
- The prefixes BL and CH indicate different product families.

We attest that above changing are not relevant for any RF behaviour subject to regulatory items. All products use the same electronic module as tested and described in Cetecom Test Report 1-6353/13-01-07.

Therefore Cetecom Test Report 1-6353/13-01-07 remains applicable.
