**FCC IC Class II permissive change letter.**

We are submitting an application for Class II permissive change to the FCC/IC approval of:

Audio GmbH  
Irrenloher Damm 30  
95521 Schwarzenfeld  
Germany  
FCC ID: ZUC-DWAM83TB  
IC: 23522-DWAM83TB

The transmitter module HW has not changed. The added feature is:

- Possibility of using 3 RF channels in the 5150-5250MHz band.  
(5180 MHz, 5200 MHz, 5240 MHz)

The additional channels are configured in the HW and software enabled only of the end product.

Yours sincerely,

A handwritten signature in black ink that reads "Jakob Koed". The signature is written in a cursive style with a horizontal line underneath.
