

Battery change

To change the battery in your remote, simply pull off the bottom cap and lift the battery out. Replace it with a non-rechargeable CR2032 button cell battery.

Cleaning

Do not submerge in water.
Please use a damp cloth
and gentle soap for cleaning.

splashproof

Quick start guide

Getting to know your remote

+ On/Increase

Press the + button to power on. Press again to increase the intensity.

- Decrease

Switch back to a lower intensity level by pressing the - button.

Next

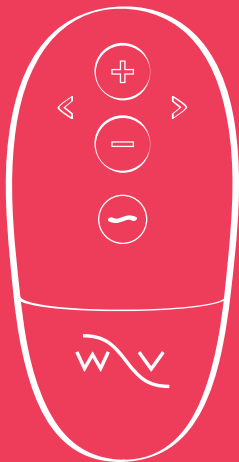

Press the Next button to cycle through different vibration patterns.

Previous

Switch back to your previous pattern by pressing the Previous button.

Pairing mode

Hold the We-Vibe button to connect your toy with the remote.

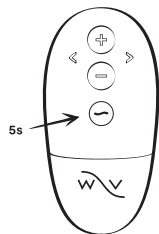

Pairing

Hold the control button on your toy for 5 seconds until the LED starts flashing.

Now hold the We-Vibe button on your remote for 5 seconds.

Once paired, your toy will vibrate 3 times and LED will stop flashing.
