Correspondence Number	Memo
ZWIBNXT1-1	<p>1) Please provide additional information regarding the type of modulation that is used by the device. Response: The EUT uses FSK Modulation 2) The Information to User statement is not included in the user manual. Please provide a new manual with the statement included. Response: The owner's manual has been revised to include this statement. 3) The schematics provided do not have all the components that are on the device. Specifically, the internal photos show many components between U3 and the antenna that are not included on the schematics. Please provide corrected schematics. Response: The schematics have been revised</p>
