

Manual

Geneva Sound System
Model L
Model XL

VERSION: v0.11

Yellow marked text are open decisions

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this device near water.
6. Only clean with a dry cloth.
7. Do not block any vents. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heaters, stoves, or other devices (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at the plugs, convenience receptacles, and the point where they exit from the device.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer, or sold with the device. When a cart is used, use caution when moving the cart/device combination to avoid injury from tip-over.

13. Unplug this device during lightning storms or during long periods of disuse.
14. Refer all servicing to qualified service personnel. Servicing is required when the device has been damaged in any way, such as power-supply cord or plug damages, liquid has been spilled or objects have fallen into the device, the device has been exposed to rain or moisture, does not operate normally, or has been dropped.

CAUTION: RISK OF ELECTRIC SHOCK, DO NOT OPEN
ATTENTION: RISQUE DE CHOC ELECTRIQUE - NE PAS OUVRIR

WARNING:

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE. The device should not be exposed to dripping or splashing and objects filled with liquids, such as vases, should not be placed on the apparatus.

The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

CAUTION: Danger of explosion if battery is incorrectly replaced. Only replace with the same or equivalent type.

WARNING: The battery (battery or batteries or battery pack) should not be exposed to excessive heat such as sunshine, fire or the like.

WARNING: The mains plug/appliance coupler is used as a cutoff device, the cut-off device should remain readily operable.

WARNING: DO NOT INGEST BATTERY, CHEMICAL BURN HAZARD

The remote control supplied with this product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death.

Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children.

If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention.

Protective earthing terminal. The apparatus should be connected to a mains socket outlet with a protective earthing connection.

Batteries in the remote control: Keep the remote control battery away from children. It may cause a fire or chemical burn if mishandled. Do not recharge, disassemble, heat above 212°F (100°C), Replace only with a battery of the correct type and model number (CR2025 lithium coin cell battery, 3 V).

Ventilation: Do not block any ventilation openings on the back of the device. Put the system in a position and location that will not interfere with ventilation, to ensure reliable operation of the device and to protect it from overheating. For example, do not place the device very close to a wall or in front of a curtain that may reduce the heat sink efficiency.

Cleaning: Please note we have included a cleaning cloth with your device. To avoid making scratches to the surface, we recommend that you use the cleaning cloth included. Before cleaning, please unplug the device from the AC power outlet.

Sitting or leaning on device: Do not lean against the device and do not sit on it under any circumstances.

Avoid hearing damage: Playing very loud music for an extended period of time can result in permanent hearing loss.

Label location: The product labels and safety related markings are located on the rear panel.

Outside Antenna: If an outside antenna or cable system is connected to this product, be sure the antenna or cable system is grounded so as to provide some protection against voltage surges and built-up static charges. Article 810 of the National Electric Code, ANSI/NFP No. 70 information, Section 54 of the Canadian Electrical Code, with regard to proper grounding of the mast and supporting structure, grounding of the lead-in wire to an antenna discharge unit, size of grounding conductors, location of antenna/discharge unit, connection to grounding electrodes, and requirements for the grounding electrode.

Note to CATV system installer: This reminder is provided to call the CATV system installer's attention to Article 820-40 of the NEC (of USA) that provides guidelines for proper grounding. In particular, it specifies that the cable ground shall be connected to the grounding system of the building, as close to the point of cable entry as is practical.

Operating temperatures: The recommended operating temperature range for the Geneva Sound System is 41 to 104 degrees Fahrenheit (5 to 40 degrees Celsius).

CONFORMITY

FCC Regulations

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

Modifications not expressly approved by the manufacturer could void the user's authority to operate the equipment under FCC rules.

FCC ID: ZXX-MODELLBT, ZXX-MODELXLBT

ZXX: Grantee Code, assigned by the FCC.

Canada

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including

interference that may cause undesired operation of the device.

Industrie Canada (IC): Nr. 10107A-MODELL (Model L), Nr. 10107A-MODELXL (Model XL)

CE Conformity

G-Lab GmbH declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC. The declaration of conformity may be consulted at the request to G-Lab GmbH, Zurich, Switzerland or on <http://genevalab.com>.

Recycling

This product can be recycled. Products bearing this symbol must NOT be thrown away with normal household waste. At the end of the product's life, take it to a collection point designated for recycling of electrical and electronic devices. Find out more about return and collection points through your local authority.

The European Waste Electrical and Electronic Equipment (WEEE) Directive was implemented to dramatically reduce the amount of waste going to landfills, thereby reducing the environmental impact on the planet and on human health. Please act responsibly by recycling used products. If this product is still usable, consider giving it away or selling it.

Used batteries: Please dispose of used batteries properly, following the local regulations. Do not place the battery in fire.
