

3M

Request for Dismissal

Date: 2013-09-24

To: Federal Communication Commission

Please kindly be notified that we 3M Cogent Inc herein request to dismiss the FCC ID: ACD100P-SS for the following reason:

1. For the business reason, ACD100P-SS has been obsolete. We didn't produce this mode after we get FCC certificate.
2. We didn't have test samples. Because the samples for FCC test has been destroyed during other safety test last year.

Please kindly permit the dismissal.

Thank you.

Sincerely,

(Signature)  Sep 24. 2013
