

**A. Information to be displayed**

1. The information that will be displayed on the e-label and information that will remain in the user manual is shown below:

Information	on E-label	In Manual
FCC ID number	Yes	Yes
DoC logo	Not applicable	Not applicable
15.19 statement (“This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.”)	-	Yes
Class A / B Digital Device user manual statements <sup>1</sup>	-	Yes
DoC declaration <sup>1</sup>	Not applicable	Not applicable
Caution to the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment: - Yes Describe any other FCC regulatory	-	Yes
Describe any other FCC regulatory information included in e-label <sup>1</sup>	None	Not applicable
If the e-label includes information typically included in the manual then the e-label shall clearly differentiate between information required to be on the device’s surface and information required to be in the manual – refer to 784748 D02 e labelling v01 section II D 3(b)		

Images of the e-label screen are provided below:

## **B. Access to the required information on the e-label**

1. Users are able to access the information in no more than three steps in a device's menu. The actual steps are:

From the home screen:

- a) Click on Settings
- b) Select about device
- c) Battery info

No special access codes or permissions are required to go through the above steps beyond entering a userdefined password to protect against unauthorized access to the device.

2. The information is stored on the device, no special accessories or supplemental plug-ins (*e.g.*, a SIM/USIM card) are required to access the information.

3. Users are provided specific instructions on how to access the information. The information is provided in User manual.

## **C. labeling for Importation and Purchasing**

Products utilizing e-labels are required to have a physical label on the product at the time of importation, marketing and sales. For devices imported in bulk and not packaged individually, a removable adhesive label or, for devices in protective bags, a label on the bags is acceptable for this purpose. Any removable label shall be of a type intended to survive normal shipping and handling and must only be removed by the customer after purchase. For devices imported in individual packages ready for sale, the information may alternatively be provided on the package. It shall contain:

1. The FCC ID and/or the DoC logo(if applicable); and
2. Any other information required by specific rule to be provided on the surface of the product unless such information is permitted to be included in the User's manual or other packaging inserts.

>>This model's FCC ID will be found on the package and manuals.

## **D. Other considerations**

1. The above information must be programmed by the responsible party and the information must be secured in such a manner that third-partied cannot modify it.

The FCC ID and other information are programmed by S/W team of Samsung and secured in such a manner that third-partied cannot modify it.

2. All the applicable regulatory information required on the packaging or user instructions must be provided according to the rules even if it is displayed electronically. For example, hearing aid compatibility(HAC) rating for the phones as specified in 47 C.F.R §20.19.

The other information can be found in the user manual.
