SUBJECT: Samsung Electronics Co., Ltd.
FCC ID : A3LSMG615F
Class II Permissive Change
Orig. Grant Date: April 11, 2017

This is to request a Class II permissive change for FCC ID: A3LSMG615F.

The device is identical to the original approval except power back-off of WCDMA II. WCDMA II power reduction was activated with Hotspot mode and Proximity sensor by software. And both Hotspot reduction and Proximity sensor reduction cannot be activated at the same time.

As the change only affects SAR test, original EMC test report is still valid for this filing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Sanguk Kim".
