Canadian ICES-003 Class B

Apparaten skall anslutas till jordat nätuttag

**Warning :** This product includes critical mechanical and electrical parts which are essential for X radiation safety. For continued safety replace critical components indicated in the service manual only with exact replacement parts given in the parts list. Operating high voltage for this product is 25kV at minimum brightness. Refer to service manual for measurement procedures and proper service adjustments.

This device complies with FDA Radiations Performance Standards, 21 CFR Subchapter J. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
