RE: FCC ID: BEJKG320\_ATCB003216  
Attention: Jay Kim

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please provide the manual for this application. Please make sure that all necessary FCC statements and SAR statements are in the manual.
2. Please note that it is not possible from the documentation to determine if this is also a computer peripheral device. Please note that if this is a computer peripheral device then either a DoC or certification must be done on the 15B part. Please provide evidence and or appropriate documentation for which ever route this device is using.
3. Please note that based on the response, further comments may arise.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
