Photograph 9-6: Rear Housing

A detailed view of the internal components of a smartphone, likely an iPhone 12, showing the battery, logic board, and various connectors and components. The battery is a large, rectangular, light-colored unit with a circular cutout in the center. The logic board is a green circuit board with various components, including a yellow component, a black component, and a silver component. The chassis is a light-colored metal frame. The text "33014031002 12/18/16/F2" is visible on the battery. The text "04CM12B" is visible on the bottom of the chassis.
