

February 25<sup>th</sup>, 2004

To: Diane Poole, FCC Equipment Authorization Branch

Dear Ms Poole,

Here is the information you have requested:

- 1) Block Diagram. The block diagram entitled block\_diagram.doc has been attached as per your request.
- 2) Confidentiality for Internal Photos. We have requested that the internal photos be held as confidential due to Airnet's use of leading edge technology and the highly competitive market of PCS equipment manufactures. As described in the attached request letter (BPU3000\_1900\_conf\_letter.doc) which was received and granted by the FCC as part of the MZKBPU3000-1900 submission, AirNet's customers are required to sign a non-disclosure statement.
- 3) Operation Description. Please see the attached file entitled operation\_description.doc.

If there is any further information you require or questions you may have, please do not hesitate to call me.

Thank you for your assistance in this matter.

Best regards,

Stephen Cassidy
