

Engineering and Testing for EMC and Safety Compliance

August 8, 2000

Mr. William Graff
American TCB

FCC ID: OWDTR-0005-A
Com-Net Ericsson

Dear Mr. Graff,

Answers to your e-mail are as follows in blue.

1.) Please indicate how this transmitter is to be used in Part 80E.

1. This application was applying for Part 80(E) of the FCC Rules and Regulations. At this time our client would like to drop this rule part.

2.) Please confirm that this transmitter is for analog voice transmissions only, and will not be used for data or telemetry operations

2. This transmitter is for F3E emission only.

3.) Please indicate by attestation how compliance with 90.203(e) is achieved.

3. Irrelevant per F3E only.

Please call or e-mail me with any questions that you might have.

Best regards,
Melissa Fleming
Rhien Tech Laboratories, Inc.
