Description of changes for XL-200P Class II Permissive Change

Harris wishes to submit this description of changes for the XL-200P.

1. Bluetooth Low Energy (BLE) functionality was added via a firmware feature bit.
2. No hardware changes were done to the product.
3. The firmware release to customers will not occur until the FCC/IC has approved the BLE Class II Permissive Change request.

Thank you for your attention to this matter.

A handwritten signature in black ink that reads "William H. Pertner". The signature is written in a cursive, flowing style.

William H. Pertner
