Declaration letter

Date: Sep 12, 2014

To: Federal Communications Commission,
Authorization & Evaluation Division,
7435 Oakland Mills Road,
Columbia, MD 21046

To Whom It May Concern:

For our business development and marketing requirement, we would like to list different models numbers on the FCC certificates and reports, as follows:

Model No.: BC118-x/BC119-x
FCC ID: SSS-BC11X

Difference: About the model BC118-x/BC119-x, x is variable, it indicated A-Z or 0-9.

Due to sales purpose in different countries or regions. The internal PCB design are no difference, but only distinct in model names.

BC119-x is BC118-x without an EEPROM. The wireless protocol and shell does not change.

Thank you!

Best regards,

Signature:

A handwritten signature in purple ink, appearing to read "R. Jallad", with a horizontal line underneath.
