1 N1M

This equipment contains several markings to ensure traceability and fulfilment of the marking requirements established by international regulations.

In this product, the marking information is divided into three categories: trademark, CE type and label.

Trademark

The manufacturers name, Salto, is marked on the front side of the cylinder. The trademark is visible to the final user.

CE type

The CE type reference of this equipment is G1824 and it is marked on the label of the product.

The CE type is common for all electronic models of this product family. This item number is also used as an identifier on the EU Declaration of Conformity. Together with the electronic model (marked on the label, too) is used for the traceability of the equipment.

Label

The label is located on the battery holder gasket. The label contains the following information:

- Name of the company: SALTO SYSTEMS S.L.
