NOTE THE FOLLOWING WHEN USING DISPLAY/TOUCH-SCREEN DEVICES

■ WARNING REGARDING DISPLAY

The display on your device is made of glass or acrylic and could break if your device is dropped or if it receives significant impact. Do not use if screen is broken or cracked as this could cause injury to you.

■ WARRANTY DISCLAIMER: PROPER USE OF A TOUCH-SCREEN DEVICE.

If your device has a touch-screen display, please note that a touch-screen responds best to a light touch from the pad of your finger or a non-metallic stylus. Using excessive force or a metallic object when pressing on the touch-screen may damage the tempered glass surface and void the warranty.

- **IMPORTANT** Do not allow the touch-screen to come into contact with other electrical devices. Electrostatic discharges can cause the touch screen to malfunction.
