**Re: Application for Special Temporary Authority and for Section 325(c) Permits to Deliver Programs to Foreign Broadcast Stations XRCN andXHFG**

Dear Ms. Dortch:

Enclosed please find two copies of each of the applications of Uniradio Corp. ("Uniradio") of San Diego, California, for Special Temporary Authority and for permits to make cross-border transmissions of broadcast programs to FM stations XRCN and XHFG in Tijuana, Mexico pursuant to Section 325(c) of the Communications Act of 1934, as amended. Uniradio is a California corporation that represents Mexican radio stations XHFG and XRCN in the United States. The necessary Form 159s are also enclosed.

The STA for XHFG requests authorization to deliver Spanish language broadcasts of San Diego Chargers NFL games and associated programming during the NFL season. The XRCN STA application requests authorization to continue to deliver Spanish language broadcasts of programs that XRCN has been broadcasting for some years, including programs in such formats as news, talk, sports, and entertainment, and to do so at various times between 5 a.m. and midnight seven days a week throughout the year. The regular permit application for XHFG is broader than the STA. Both the XHFG and XRCN permit applications request authorization to deliver programs in such formats as news, talk, sports, and entertainment, and to do so at various times between 5 a.m. and midnight seven days a week throughout the year.

Ms. Marlene Dortch  
Secretary  
Federal Communications Commission

If you have any questions, please feel free to contact me.

Respectfully submitted,

This Grant is effective September 22, 2010 for the period during which the Commission is processing Uniradio Corp's application for regular authority or 180 days, whichever comes first.

Grant of this STA Permit is further conditioned upon the Mexican station's operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. broadcast stations.

New Application

Date Effective:

Granted on November 2, 2010, subject to conditions, application for Section 325 (c) permit to make cross-border transmissions of broadcast programs to XERCN-AM (which is in some areas referred to as XRCN), Tijuana, Mexico. Uniradio Corp ("Uniradio") of San Diego, California represents Mexican radio station XERCN/XRCN in the United States. The station operates on 1470 kHz daytime and nighttime.

Grant of this Permit is conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico AM Expanded Band Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.
