Re: Application for Section 325(c) Permit to Deliver Programs to Foreign
Broadcast Station XHFG

Dear Ms. Dortch:

Enclosed please find two copies of the application of Uniradio Corp. ("Uniradio") of San Diego, California, to make cross-border transmissions of broadcast programs to FM station XHFG in Tijuana, Mexico pursuant to Section 325(c) of the Communications Act of 1934, as amended. Uniradio is a California corporation that represents Mexican radio station XHFG in the United States.

The application requests authorization to deliver programs in such formats as news, talk, sports, and entertainment, and to do so at various times between 5 a.m. and midnight seven days a week throughout the year.

Enclosed also please find the necessary Form 159 to cover the filing fee. If you have any questions, please feel free to contact me.

Respectfully submitted,

Mark C. Del Bianco

Secretary
Federal Communications Commission
445 12th St., S.W.
Washington, D.C. 20554

Reference: Request for **Special Temporary Authority to Deliver Programs to Foreign Broadcast Station XHFG**

Dear Ms. Dortch:

Uniradio Corp. (“Uniradio”) of San Diego, California, is filing this request for Special Temporary Authority to make cross-border transmissions of broadcast programs to **FM station XHFG in Tijuana, Mexico** pursuant to Section 325(c) of the Communications Act of 1934, as amended, and Section 25.120 of the Commission’s rules. Uniradio is a California corporation that represents Mexican radio station XHFG in the United States.

The Commission in 2004 granted Uniradio a permit under Section 325(c) to provide cross border delivery of the Spanish language broadcasts of a variety of programming to AM radio station XRCN in Tijuana, Mexico. *Permit to Deliver Programs to Foreign Broadcast Stations*, Report No. 325-00074, rel. Nov. 12, 2004. Pursuant to this permit, Uniradio transmitted, among other programming, broadcasts of San Diego Chargers National Football League games throughout the 2007 and 2008 football seasons.

In the spring of 2009, the decision was made to move the broadcasts of Chargers games from XRCN to an FM station, XHFG, for the 2009 season. In May 2009, a Uniradio employee prepared an application for a permit for cross border transmissions to XHFG covering Chargers games and associated pre- and post-game programming. Uniradio provided cross border delivery of the Chargers programming to XHFG during the 2009 football season and the 2010 pre-season. Uniradio this week discovered that the 2009 application was never filed and that it does not have a permit to make cross-border transmissions of Chargers-related programming on XHFG. Unfortunately, the Chargers’ NFL season starts Monday, September 13, 2010.

Ms. Marlene Dortch
Secretary
Federal Communications Commission

This STA requests a narrow and temporary authorization to allow Uniradio to deliver toXHFG cross border Spanish language broadcasts of regular season Chargers football games and associated pre- and post-game shows. Next week, Uniradio will be filing an application for a regular permit under Section 325(c). I will provide a copy of that application to you. The nature of the programming for which the STA is sought is narrower than that covered by the Section 325(c) application. In addition to the Chargers programming, the application will request authorization to deliver other programs in such formats as news, talk, sports, and entertainment, and to do so at various times seven days a week throughout the year.

The programming covered by the STA is unique. For the past three seasons, these broadcasts have allowed, and if the STA is granted will continue to allow, the more than 900,000 Spanish-speaking potential listeners in the San Diego metro listening area to hear American football broadcasts in their native language and at no cost. The STA will directly benefit the U.S. economy because advertisers' payments to Uniradio stay in the U.S. In addition, the programming indirectly contributes to the U.S. economy and U.S.-Mexico trade by encouraging Mexican fans to cross the border to attend Chargers games and spend their recreation funds in the U.S. Conversely, there will be no harmful or deleterious effects from granting the STA and allowing the Chargers broadcasts to continue uninterrupted. Accordingly, grant of this STA will most certainly be in the public interest.

In light of the foregoing, the STA should be granted.

Respectfully submitted,

Mark C. Del Bianco

Permit To Deliver Programs To Foreign Broadcast Stations

re: Actions Taken

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective dates of the actions are the dates specified.

INFORMATIVE

325-NEW-20110830-00003

UNIRADIO CORP.

Granted on October 26, 2011, subject to conditions, application for Section 325 (c) permit to allow Uniradio Corp ("Uniradio") of San Diego, California to make cross-border transmissions of broadcast programs to FM station XHFG in Tijuana, Mexico. Uniradio Corp ("Uniradio") is a California corporation that represents Mexican radio station XHFG in the United States.

Grant of this Permit is conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interferences to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico FM Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.

For more information concerning this Notice, contact Janice Shields at (202) 418-2153; Janice.Shields@fcc.gov; TTY 202-418-2555.

Neither this authorization nor the right granted by this authorization shall be assigned or otherwise transferred to any person, firm, company or corporation without the written consent of the Commission. This authorization is subject to the right of use or control by the government of the United States conferred by Section 706 of the Communications Act. 47 U.S.C. § 706. Operation of this station is governed by Part 25 of the Commission's Rules. 47 C.F.R. Part 25.

This authorization shall not vest in the licensee any right to operate this station nor any right in the use of the designated frequencies beyond the term of this license, nor in any other manner than authorized herein.

This authorization is issued on the grantee's representation that the station is in compliance with environmental requirements set forth in Section 1.1307 of the Commission's Rules. 47 C.F.R. § 1.1307.

This authorization is issued on the grantee's representation that the station is in compliance with the Federal Aviation Administration (FAA) requirements as set forth in Section 17.4 of the Commission's Rules. 47 C.F.R. § 17.4.

The following condition applies when this authorization permits construction of or modifies the construction permit of a radio station.

This authorization shall be automatically forfeited if the station is not ready for operation by the required date of completion of construction unless an application for modification of authorization to request additional time to complete construction is filed by that date, together with a showing that failure to complete construction by the required date was due to factors not under control of the grantee.

Licensees are required to pay annual regulatory fees related to this authorization. The requirement to collect annual regulatory fees from regulatees is contained in Public Law 103-66, "The Omnibus Budget Reconciliation Act of 1993." These regulatory fees, which are likely to change each fiscal year, are used to offset costs associated with the Commission's enforcement, public service, international and policy and rulemaking activities. The Commission issues a Report and Order each year, setting the new regulatory fee rates. Receive only earth stations are exempt from payment of regulatory fees.
