#### INFORMATIVE

325-RWL-20130513-00003

BROADCAST COMPANY OF THE AMERICAS, LLC

Granted on July 31, 2013, subject to conditions, the renewal application for 325 (c) permit by Broadcast Company of the Americas, LLC ("BCA") to deliver programming to XEPRS-AM, Rosarito, BC. XEPRS-AM operates on 1090 kHz at 50kW non-directionally during the day and at 50kW with a three tower directional array at night.

Grant of this permit is conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico AM Expanded Band Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.
