Renewal			
Granted in Part / Dismissed in Part			Date Effective: 10/15/2019

Granted on October 15, 2019 subject to conditions, application for 325(c) permit of Uniradio Corp ("Uniradio") to deliver programming to XHTY-FM (channel 259C1), Tijuana Mexico.

Grant of this permit is conditioned upon the Mexican stations operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. Broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico FM Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the government in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization may be subject to immediate termination without right to hearing.
