Re: **NBC Telemundo License Co.
Television Station XHAS(TV), Tijuana, Baja California, Mexico
Request to Extend Special Temporary Authority
to Deliver Programs to Foreign Broadcast Station, 47 U.S.C. § 325(c)**

Attn: **International Bureau**

Dear Madam Secretary:

In accordance with requirements under Section 325(c) of the Communications Act of 1934, as amended, NBC Telemundo License Co. ("NBC Telemundo"), licensee of multiple U.S. full-power television stations affiliated with the Telemundo broadcast network (the "Telemundo Network") and under common control with the Telemundo Network, hereby requests the Commission to extend its Special Temporary Authority (325-STA-20061031-00008, granted November 3, 2009) ("STA"), to deliver program material from the Telemundo Network to Mexican Television Broadcast Station XHAS(TV), Tijuana, Baja California, Mexico (the "Station"). The signals are consistently received within the United States. NBC Telemundo has submitted through U.S. Bank an application on Form 308 for Section 325(c) authority. A copy of FCC Form 308 is attached hereto.

The Station functions as a Telemundo Network affiliate, primarily carrying Telemundo Network programming (along with some local programming). The Telemundo Network is a full service Spanish language programmer, providing a full slate of news, informational and entertainment programming, as well as Spanish-language children's informational and educational programming meeting the requirements of the Children's Television Act as implemented by the Commission. Grant of this extension request will allow the Telemundo Network to maintain its coverage in the San Diego-Tijuana area, including its news coverage, and to better serve the needs of the Hispanic community. During the term of the current STA, there have been no complaints of interference or other technical problems received by the Station. Accordingly, grant of the requested authorization will serve the public interest.

The Secretary
