Permit To Deliver Programs To Foreign Broadcast Stations

re: Actions Taken

The Commission, by its International Bureau, took the following actions pursuant to delegated authority. The effective dates of the actions are the dates specified.

INFORMATIVE

325-STA-20110809-00002

UNIRADIO CORP.

Special Temporary Authority

Granted with conditions on August 11, 2011, the Uniradio Corp ("Uniradio") application for Special Temporary Authority ("STA") to deliver cross-border transmissions of broadcast programs to FM station XHFG in Tijuana, Mexico. Uniradio is a California corporation that represents Mexican radio station XHFG in the United States.

This Grant is effective August 11, 2011 for the period during which the Commission is processing Uniradio Corp's application for regular authority or 180 days, whichever comes first.

Grant of this STA Permit is further conditioned upon the Mexican station's operation in full compliance with applicable treaties and related provisions concerning electrical interference to U.S. broadcast stations.

This authorization is predicated on the use of a foreign station assignment, which must abide by the terms of the 1992 USA-Mexico FM Broadcast Agreement. Hence, this program authorization applies only to the specific foreign station facilities which are currently on file with the Commission as having been officially coordinated by the Secretaria de Comunicaciones y Transportes (SCT) in Mexico and subsequently approved by the Commission for operation. If the transmitter coordinates or technical operating parameters of the foreign station are altered subsequent to this authorization or are found to be different from those currently on file and approved by the Commission, this program authorization will be subject to immediate termination without right to hearing.

Reference: Request for Special Temporary Authority to Deliver Programs to
Foreign Broadcast Station XHFG

Dear Ms. Dortch:

Uniradio Corp. (“Uniradio”) of San Diego, California, is filing this request for Special Temporary Authority to make cross-border transmissions of broadcast programs to FM station XHFG in Tijuana, Mexico pursuant to Section 325(c) of the Communications Act of 1934, as amended, and Section 25.120 of the Commission’s rules. Uniradio is a California corporation that represents Mexican radio station XHFG in the United States.

This STA requests a narrow and temporary authorization to allow Uniradio to begin immediately to deliver to XHFG cross border Spanish language broadcasts of preseason and regular season San Diego Chargers National Football League games and associated pre- and post-game shows throughout the 2011 football season. The preseason starts this Thursday, August 11, 2011. The Chargers’ regular NFL season starts September 11, 2011.

The Commission finally confirmed to Uniradio only a few days ago that Uniradio could now file this STA because the Commission had received the necessary information from Cofetel to allow it reliably to determine that XHFG is operating interference free. Uniradio is thus filing this STA as soon as it could have, and it requests an expeditious decision regarding this STA.

The programming covered by the STA is unique. Granting the STA will allow the more than 900,000 Spanish-speaking potential listeners in the San Diego metro listening area to hear American football broadcasts in their native language and at no cost. The STA will directly benefit the U.S. economy because advertisers’ payments to Uniradio will stay in the U.S. In addition, the programming will indirectly contribute to the U.S. economy and U.S.-Mexico trade

Ms. Marlene Dortch
Secretary
Federal Communications Commission

by encouraging Mexican fans to cross the border to attend Chargers games and spend their recreation funds in the U.S. Conversely, there will be no harmful or deleterious effects from granting the STA and allowing the Chargers games to be broadcast in Spanish. Accordingly, grant of this STA will most certainly be in the public interest.

In the near future, Uniradio will be filing an application for a regular permit under Section 325(c). I will provide a copy of that application to you. The nature of the programming for which the STA is sought is narrower than that which will be covered by the Section 325(c) application. In addition to the Chargers programming, that application will request authorization to deliver a variety of additional entertainment and educational programming.

Pursuant to the Commission's orders in GEN Docket No. 86-285, I am sending the original of this application, together with the requisite Form 159, by overnight delivery to the Commission at Federal Communications Commission, International Bureau Applications, P.O. Box 979093, St. Louis, MO 63197-9000.

In light of the foregoing, the STA should be granted.

Respectfully submitted,
