Donna,

Yes, you are correct that the September 18 filing does supersede and replace the September 7 filing. If you have any other questions please contact me.

Thank you,  
Steven Sillett

Subject: Concert Global Networks Services Limited - India Filings

Mr. Sillett:

On September 7, 2000, you filed an application for an accounting rate change for service with VSNL in India, file number ARC-MOD-20000907-00148 (submission ID 2000000699). On September 18, another filing was made for India that was identical to the September 7 filing, except that references to SDI were deleted from the current and new rates. The September 18 filing is file number ARC-MOD-20000918-00151 (submission ID 2000000732).

I assume that the September 18 filing is intended to supersede and replace the September 7 filing. For our record keeping purposes, please confirm via reply e-mail whether not this is correct.

Thank you.
