**Subject:** RE: Malaysia (Telekom Malaysia) Accounting Rate

Donna,  
The surcharge is applicable to IMTS received collect messages. Contact me if you have any other questions.

Steven A. Sillett

Subject: Malaysia (Telekom Malaysia) Accounting Rate

Steven,

On October 10, 2000, you filed two applications for accounting rate changes for IMTS service with Telekom Malaysia. One for Concert Global Network Services Limited, file no. ARC-MOD-20001010-00165 (submission ID 2000000825), and one for AT&T Alascom, Puerto Rico and U.S. Virgin Islands, file no. ARC-MOD-20001010-00164 (submission ID 2000000826),

Both applications show surcharges apply, but do not say what service is covered by the surcharge. I assume all the surcharges referenced in these two applications apply to received collect messages.

Please confirm whether or not the surcharges apply to received collect messages. If not, what type of service is covered by the surcharge?

Thank you for your assistance.
