**Foreign Carrier Affiliation Notification**

Pursuant to Section 63.11 of the Commission's rules, StarHub, Inc. ("StarHub") hereby submits this foreign carrier affiliation notification, relating to an affiliation with U Mobile Sdn Bhd ("U Mobile") in Malaysia. This affiliation arose when StarHub's indirect parent, Singapore Technologies Telemedia Pte Ltd ("ST Telemedia"), acquired an indirect, 33 percent interest in U Mobile, in a transaction that closed on April 13, 2010. That interest is directly held by Straits Mobile Investments Pte. Ltd., which in turn is a direct subsidiary of STT Communications Ltd ("STT Communications"). The ownership of STT Communications is described below.

**Answers to Questions 12 and 16**

Malaysia is a World Trade Organization ("WTO") Member country.

U Mobile owns facilities in Malaysia.

With respect to the U.S.-Malaysia route, StarHub presumptively qualifies for non-dominant classification pursuant to Section 63.10(a)(3) of the Commission's rules. U Mobile is a wireless communications provider that lacks a 50 percent market share in Malaysia and is not listed on the Commission's List of Foreign Telecommunications Carriers That Are Presumed to Possess Market Power in Foreign Telecommunications Markets.<sup>1</sup> Accordingly, the instant notification is eligible for the post-consummation notification procedures pursuant to Section 63.11(b) of the Commission's rules.

**Answer to Question 17**

U Mobile is authorized to provide communications services in Malaysia.

**Answer to Question 18**

StarHub holds global facilities-based and resale authority pursuant to File Nos. ITC-214-20000731-00473 and ITC-214-20000731-00474.

**Answer to Question 19**

StarHub is dormant and thus does not currently provide service to Malaysia.
