

AMENDED ATTACHMENT TO FOREIGN CARRIER AFFILIATION NOTIFICATION

Introduction

Windstream Corporation (“Windstream”) files this amended attachment to File No. FCN-NEW-INTR2012-00009 to correct the list of subsidiaries included in the original attachment. Specifically, Windstream has no interest in or control of the following two entities, as Windstream previously divested its interest in those entities, with Commission approval.¹

- **Texas RSA 15B2 Limited Partnership d/b/a Five Star Wireless**, FRN 0006157887, holder of International 214 Authorization ITC-214-20010802-00418
- **CGKC&H No. 2 Rural Cellular Limited Partnership**, FRN 0004544714, holder of International 214 Authorization ITC-214-20060501-00261

Other than the elimination of these two entities from the list of subsidiaries included in the original attachment and the addition of this introduction, this attachment is identical to the attachment it replaces.

Background

On December 1, 2011, Windstream Corporation (“Windstream”) and PAETEC Holding Corp. (“PAETEC”) completed a transfer of control of PAETEC’s subsidiaries from PAETEC to Windstream. The Commission approved the associated transfer of control of PAETEC’s subsidiaries that hold International Section 214 authorizations in IB File Nos. ITC-T/C-20110819-00269, ITC-T/C-20110819-00270, ITC-T/C-20110819-00271, ITC-T/C-20110819-00272, ITC-T/C-20110819-00273, ITC-T/C-20110819-00274, ITC-T/C-20110819-00275, ITC-T/C-20110819-00276, ITC-T/C-20110819-00277 and ITC-T/C-20110819-00278 (the “International 214 Applications”). The International 214 Applications disclosed that one of PAETEC’s subsidiaries, Intellifiber Networks, Inc. (“Intellifiber”), is a foreign carrier in Canada² and that as a result of the Transaction Windstream and Windstream’s subsidiaries listed below that hold International Section 214 authorizations (the “Windstream Licensees”) have become affiliated with a foreign carrier in Canada.³

Carrier	FRN	International Section 214 Authorization
Windstream Communications, Inc.	0015343635	ITC-214-20060816-00433

¹ See ULS File Nos. 0003245144 and 0003240957.

² See Attachment 1 to the International 214 Applications at 4 (“Intellifiber Networks, Inc. ... holds a Basic International Telecommunications Services (“BITS”) license, granted by the Canadian Radio-television and Telecommunications Commission (“CRTC”), to provide international service in Canada, and is registered with the CRTC as a non-facilities-based reseller of telecommunications services.”).

³ See Attachment 1 to the International 214 Applications at 19. Prior to consummation of the Windstream-PAETEC transfer of control, each of PAETEC’s own subsidiaries with International Section 214 authorizations filed separate foreign carrier affiliate notifications disclosing their affiliation with Intellifiber Networks, Inc., the same foreign carrier that has prompted this filing. See IB File Nos. FCN-NEW-20111116-00021, FCN-NEW-20111116-00018, FCN-NEW-20111116-00019, FCN-NEW-20111116-00020, and FCN-NEW-20111116-00022.

Response to Questions 12, 16 and 17

The Windstream Licensees provide notification of their affiliation with the following foreign carrier:

Country	Affiliate Name	Description of the Company
Canada (WTO Member)	Intellifiber Networks, Inc. (f/k/a Elantic Telecom, Inc.)	The Windstream Licensees and Intellifiber are each wholly-owned indirect subsidiaries of Windstream. Intellifiber has a market share of less than 5% of the telecommunications market in Canada.

The Windstream Licensees request continued classification as nondominant carriers under Section 63.10 of the Commission's Rules on all routes between the United States and Canada. Intellifiber lacks 50 percent market share in the international transport and local access markets on the foreign end of the route and thus lacks sufficient market power on the foreign end to adversely affect competition in the U.S. market. Accordingly, pursuant to Section 63.10(a)(3), the Windstream Licensees are presumptively classified as non-dominant on these routes.

Response to Question 18

Please see the list of International Section 214 authorizations held by the Windstream Licensees provided in the "Background" section above.

Response to Question 19

The Windstream Licensees provide service between the United States and Canada only through the resale of international switched services of unaffiliated U.S. facilities-based carriers.

Response to Question 20

Windstream and the Windstream Licensees acquired direct ownership of PAETEC and indirect ownership of Intellifiber. *See* IB File Nos. ITC-T/C-20110819-00269, ITC-T/C-20110819-00270, ITC-T/C-20110819-00271, ITC-T/C-20110819-00272, ITC-T/C-20110819-00273, ITC-T/C-20110819-00274, ITC-T/C-20110819-00275, ITC-T/C-20110819-00276, ITC-T/C-20110819-00277 and ITC-T/C-20110819-00278. The post-transaction ownership of the Windstream Licensees is provided in those applications and is incorporated by reference herein.

Windstream is a publicly held corporation. To Windstream's knowledge, no person or entity directly or indirectly owns or controls a ten percent (10%) or more interest in Windstream.

Response to Question 21:

Windstream, the Windstream Licensees and Intellifiber all have identical officers and directors and therefore have interlocking directorates with each other.
