Response to Question 10

Global Crossing North America, Inc. (“GCNA”) makes this notification pursuant to 47 C.F.R. §§ 63.12(b)(1)(i), (b)(2)(i), and (b)(2)(ii). GCNA’s ultimate parent company, Level 3 Communications, Inc. (“Level 3 Parent”), has recently acquired a number of foreign affiliations as a consequence of open-market purchases of shares in Level 3 Parent by STT Crossing Ltd (“STT Crossing”), resulting in an aggregate interest in Level 3 of approximately 25.6 percent.¹ STT Crossing is indirectly owned and controlled by Temasek Holdings (Private) Limited (“Temasek”), which holds indirect, controlling interests in a number of foreign carriers.

Response to Question 12(b)

GCNA’s new foreign-carrier affiliates in Australia, Hong Kong, India, Indonesia, Japan, Korea, Malaysia, Philippines, Singapore, Sri Lanka, Taiwan, and the United Kingdom each own or lease facilities in their respective markets.²

¹ See Schedule 13D of Level 3 Communications, Inc. (filed May 16, 2012), www.sec.gov/Archives/edgar/data/794323/000119312512241791/d356603dsc13da.htm. . STT Crossing’s preexisting interest in Level 3 Parent—of approximately 24.47 percent—was disclosed to and approved by the Commission in connection with Level 3 Parent’s acquisition of Global Crossing Limited and its subsidiaries. *Applications Filed by Global Crossing Ltd. & Level 3 Communications, Inc. for Consent to Transfer Control*, 26 FCC Rcd. 14056 (2011).

² These foreign affiliates do not include eircom Ltd. (“eircom”) or its subsidiaries Meteor Mobile Communications Ltd. or eircom UK Ltd. Effective June 11, 2012, eircom’s senior lenders took indirect ownership of all of eircom’s share capital following the conclusion of insolvency proceedings in Ireland. See eircom Ltd. Press Release, *eircom Successfully Exits Examinership – New Capital Structure and Shareholders in Place*,

Response to Question 12(c)(1)

GCNA is eligible for post-consummation notification of foreign affiliations pursuant to 47 C.F.R. §§ 63.11(b)(1)(i), (b)(2)(i), and (b)(2)(ii).

With respect to the carriers identified by an asterisk (*) in Table 1 below, GCNA is entitled to retain non-dominant status on the associated international routes pursuant to 47 C.F.R. §§ 63.10(a)(3) and 63.11(b)(1)(i). The Commission has previously acknowledged that these carriers lack market power in their respective geographic markets.³ Each of these foreign carriers has less than 50-percent market share in either the international transport market or local access market of its respective geographic market. None of these newly-affiliated foreign carriers has since appeared on the Commission's list of foreign telecommunications carriers presumed to possess market power in foreign telecommunications markets.⁴

With respect to the other foreign carriers (other than SingTel) listed in Table 1 below, GCNA is entitled to retain non-dominant status on the associated international routes pursuant to 47 C.F.R. §§ 63.10(a)(3) and 63.11(b)(2)(ii). Each of these foreign carriers (other than SingTel) lacks market power in its respective geographic market. Each (except for SingTel) has less than

³ See North American Communications Limited, International Section 214 Authorization, Application for Transfer of Control, File No. ITC-T/C-20091009-00441 (disclosing foreign carrier affiliations resulting from control of Global Crossing Limited by STT Crossing and requesting non-dominant treatment on all routes except the U.S.-Singapore and U.S.-Ireland routes); *International Authorizations Granted*, Public Notice, 24 FCC Rcd. 13,706 (2009) (accepting notification and granting non-dominant treatment on all routes except the U.S.-Singapore and U.S.-Ireland routes).

⁴ See *International Bureau Revises and Reissues the Commission's List of Foreign Telecommunications Carriers that Are Presumed to Possess Market Power in Foreign Telecommunications Markets*, Public Notice, 22 FCC Rcd. 945 (Int'l Bur. 2007) ("Foreign Market Power List").

50-percent market share in either the international transport market or local access market of its respective geographic market. Except for SingTel, none of these foreign carriers appears on the Commission's list of foreign telecommunications carriers presumed to possess market power in foreign telecommunications markets.⁵ Except for SingTel, these foreign carriers therefore qualify for presumptions of non-dominance pursuant to 47 C.F.R. § 63.10(a)(3) and exemptions from the dominant carrier safeguards in 47 C.F.R. §§ 63.10(c) through (e).

Pursuant to 47 C.F.R. § 63.11(b)(2)(ii), GCNA agrees to be regulated as dominant on the U.S.-Singapore route as a consequence of its affiliation with SingTel. GCNA certifies that SingTel is authorized to operate in Singapore, a member of the World Trade Organization (“WTO”).⁶

Response to Question 16

For the reasons set forth in response to Question 12(c)(1) above, GCNA requests continued regulation as a non-dominant international carrier on all routes, except for the U.S.-Singapore route. Except for SingTel, all of the foreign carriers listed in Table 1 below are entitled to be classified presumptively as non-dominant.

Response to Question 17:

As required by 47 C.F.R. §§ 63.11(e)(1) and (2), GCNA certifies that it is affiliated with the carriers listed in Table 1 below as of May 16, 2012.
