**Question 5 – Countries of affiliation**

By this filing, Telstra Incorporated (“Telstra USA”) notifies the FCC of affiliations with a foreign carrier in Papua New Guinea and a foreign carrier in Taiwan.

**Question 10 – Late notification**

As appropriate, Telstra USA requests a waiver of the requirement that carriers notify the FCC of foreign affiliations within 30 days after closing. Telstra USA’s failure to file within the specified timeframe was inadvertent. Telstra USA notes that it clearly qualifies for continued nondominant treatment on the U.S. – Papua New Guinea route and on the U.S. – Taiwan route. Telstra USA apologizes for any inconvenience resulting from its failure to file this notification in a timely manner.

**Question 12.c.1 – Non-dominant carrier demonstration**

Telstra USA is currently regulated as non-dominant on the U.S. – Papua New Guinea route and on the U.S. – Taiwan route. Telstra USA asks that it continue to be regulated as a non-dominant carrier on each of these routes. Continued non-dominant treatment is appropriate on these routes because Telstra USA’s foreign carrier affiliates in Papua New Guinea and Taiwan each lack a 50 percent market share in the international transport and local access market. Currently, the new foreign carrier affiliates in Papua New Guinea and Taiwan each (1) control less than 25 percent of the applicable market; (2) compete against at least one other carrier that controls a majority of the applicable international telecommunications market; and (3) lack market power or facilities that would permit them to set market prices, control services or facilities, control market entry, or discriminate against unaffiliated U.S. carriers.

**Question 16 – Appropriateness of continued non-dominant treatment**

Continued non-dominant treatment is appropriate for Telstra USA on the U.S. – Papua New Guinea route and on the U.S. – Taiwan route because Telstra USA’s affiliates on these routes lack market power in the international transport and local access market, as demonstrated in the answer to Question 12.c.1 above.

Question 17 – Foreign carrier affiliates that are the subject of this Notification

By this Notification, Telstra USA advises the FCC that Telstra USA is affiliated with the following foreign carriers:

<b>Name of the Affiliated Carrier:</b>	<b>Country:</b>	<b>Date of Affiliation:</b>
Telstra International PNG Limited	Papua New Guinea	August 20, 2012
Telstra International (Aus) Limited	Taiwan	June 17, 2013

For the convenience of the Commission, a complete and current list of Telstra USA's foreign carrier affiliations is provided in Annex A to this Attachment. This list includes all of the foreign carrier affiliates for which Telstra USA has previously provided notice to the Commission (in applications or notifications) except those affiliates that are no longer in service.

Question 18 – FCC authorizations and services authorized

Telstra USA holds international Section 214 authority to provide facilities-based and resold international telecommunications services. *See* File Nos. ITC-214-19970610-00320 (old file no. ITC-97-320) (facilities-based service between the U.S. and Australia); ITC-214-19970610-00321 (old file no. ITC-97-319) (facilities-based service between the U.S. and all approved international points, except Australia); ITC-214-19960610-00238 (old file no. ITC-96-321) (resold switched and non-interconnected private line services between the U.S. and all approved international points, except Australia); ITC-214-19960610-00241 (old file no. ITC-96-320) (international simple resale services between the U.S. and specified international points); ITC-214-19960610-00240 (old file no. ITC-96-319) (international simple resale and resold switched and private line services between the U.S. and Australia).

Question 19 – Countries served solely through resale of unaffiliated carriers

Telstra USA does not serve Papua New Guinea or Taiwan solely through the resale of the international switched services of unaffiliated U.S. facilities-based carriers.

Question 20 – Ownership information

Telstra USA is a wholly-owned subsidiary of Telstra Holdings, an Australian company and a holding company. Telstra Holdings' address is as follows:

Telstra Holdings Pty Limited (ABN 33 057 808 938)  
Level 41, 242 Exhibition Street  
Melbourne, VIC 3000  
Australia

Telstra Holdings is wholly owned by an Australian telecommunications company, Telstra Corporation Limited (ABN 33 051 775 556) ("Telstra"). The address of Telstra is as follows:

Telstra Corporation Limited (ABN 33 051 775 556)  
242 Exhibition Street  
Melbourne, VIC 3000  
Australia

No other entity or individual holds a 10 percent or greater ownership or voting interest in Telstra USA as calculated under the Commission's ownership attribution rules.

Question 21 – Interlocking directors

No individuals serve both as officers or directors of Telstra USA and as officers or directors of either of the carriers listed in the response to Question 17.
