FOREIGN CARRIER AFFILIATION NOTIFICATION ATTACHMENT

Upon consummation of the GCI-Liberty transaction¹ on March 9, 2018, GCI Communication Corp. ("GCICC") and its wholly-owned direct subsidiary, Unicom, Inc.,² became affiliated with foreign carriers in the countries listed below. GCICC—which is authorized to provide only resale international telecommunications services under the terms of its international Section 214 authorization—provides resale telecommunications services on the routes below only through the resale of the switched international telecommunications services of unaffiliated U.S. facilities-based carriers. GCICC therefore qualifies for presumptive non-dominant status under 47 C.F.R. § 63.10(a)(4). Consequently, GCICC is permitted to file this notification as a "post notification" under 47 C.F.R. § 63.11(b)(2)(i) for the affiliates listed below.

Question 5 – Countries for which carrier is notifying the Commission of an affiliation

GCICC notifies the Commission of its affiliation with the following foreign carriers in the following countries as of March 9, 2018, the date of consummation of the associated transaction:

Country	Foreign Carrier	Dominant Status?
Anguilla	Cable and Wireless (Anguilla) Limited	Y
Antigua &	Cable & Wireless Antigua & Barbuda Limited	Y
Barbuda	Kelcom International (Antigua & Barbuda) Ltd.	N
Austria	UPC Austria GmbH	N
Barbados	Cable & Wireless (Barbados) Limited	Y
	Columbus Telecommunications (Barbados) Limited	N
	Karib Cable Inc.	N
Belgium	Telenet Group Holding N.V.	N
Belize	ARCOS-1 USA, Inc.	N
Bonaire	Columbus Networks Bonaire, N.V.	N
British Virgin	Cable and Wireless (British Virgin Islands) Limited	V
Islands		Y
Cayman Islands	Cable and Wireless (Cayman Islands) Limited	Y

Consolidated Application for Consent to Transfer of Control of International and Domestic Section 214 Authority of General Communication, Inc. to GCI Liberty, Inc., ITC-T/C-20170501-00091.

Unicom, Inc. previously notified the Commission pursuant to 47 C.F.R. § 63.21(h) that it relies on GCICC's international Section 214 authorization. Accordingly, GCICC's certifications in this response apply to Unicom, Inc., which—like GCICC—provides international service to the countries listed in response to Question 5 solely through the resale of unaffiliated U.S. facilities-based carriers' international switched services and continues to do so after consummation of the transaction.

Question 7 – Date of filing of Transfer of Control

The following transfer of control application, filed May 1, 2017, addressed the transaction giving rise to the affiliation with the foreign carriers:

Consolidated Application for Consent to Transfer of Control of International and Domestic Section 214 Authority of General Communication, Inc. to GCI Liberty, Inc., ITC-T/C-20170501-00091.

The Transfer of Control Application has been granted. *See Joint Application of General Communication, Inc. and GCI Liberty, Inc. for Consent to Transfer Control, Memorandum Opinion and Order, 32 FCC Rcd. 9349 (Wireline Comp., Int'l, Media, and Wireless Telecomm'ns Burs. 2017).*

Question 12 – Section 63.11(b) exceptions

GCICC qualifies for the exception in 63.11(b)(2)(i) because it is entitled to retain non-dominant classification on the newly affiliated routes pursuant to 47 C.F.R. § 63.10. GCICC—which is authorized to provide only resale international telecommunications services under the terms of its international Section 214 authorization—provides resale telecommunications services on the affiliated routes only through the resale of the switched international

telecommunications services of unaffiliated U.S. facilities-based carriers. Consequently, GCICC qualifies for presumptive non-dominant status under 47 C.F.R. § 63.10(a)(4).

Question 16 – Continued qualification for non-dominant status

GCICC requests continued regulation as a non-dominant international carrier pursuant to 47 C.F.R. § 63.10(a)(3) and (4).

The foreign carrier affiliates identified in response to Question 5 above with an "N" in the "Dominant Status?" column each satisfy the requirement of 47 C.F.R. 63.10(a)(3). Each of these foreign carrier affiliates holds significantly less than a 50% market share in the international transport and local access markets in its respective country. Moreover, none of these foreign carrier affiliates has any ability to discriminate against unaffiliated U.S. international carriers through the control of bottleneck services or facilities in its respective international market or appears on the Commission's list of foreign telecommunications carriers presumed to possess market power in foreign telecommunications markets. Accordingly, these foreign carrier affiliates are each presumed to lack sufficient market power on the international end of the route to affect competition adversely in the U.S. market.

Further, GCICC provides international service to the countries listed in response to Question 5 solely through the resale of unaffiliated U.S. facilities-based carriers' international switched services and continues to do so after consummation of the transaction. GCICC therefore should continue to be classified as non-dominant under 47 C.F.R. § 63.10(a)(4). Pursuant to Section 63.10(a)(4), GCICC will notify the Commission in the event that it begins to re-sell the international switched services of carriers other than unaffiliated U.S. facilities-based carriers, including either a showing of qualification for non-dominant treatment or a commitment to comply with the dominant carrier obligations enumerated in 47 C.F.R. § 63.10(c).
