

GetGo Communications LLC – Foreign Carrier Affiliation Notification

ATTACHMENT 1

Question 12(c)

By this filing, GetGo Communications LLC (“GetGo”) notifies the Commission of its affiliations with the following foreign carriers: (i) Jive Telecomunicações do Brasil Ltda. (“Jive Brazil”), a reseller of telecommunications in Brazil; (ii) Jive Communications Technology Canada, Ltd. (“Jive Canada”), a reseller of telecommunications in Canada, and (iii) Jive Communications Mexico S.a. de R.L. de C.V. (“Jive Mexico,” together with Jive Brazil and Jive Canada, the “Foreign Carriers”), a reseller of telecommunications in Mexico.

These affiliations qualify for post notification because each of the Foreign Carriers is non-dominant on the routes between the U.S. and each of the respective destination markets. Each of the Foreign Carriers provides only resale service in their respective markets. In addition, Brazil, Canada and Mexico are each WTO member nations, and GetGo is entitled to retain its non-dominant classification on each route pursuant to the requirements of Section 63.10(a)(3) of the Commission’s rules. None of the Foreign Carriers is included in the Commission’s list of foreign carriers that are presumed to possess “market power” in its markets, and thus, each is entitled to the presumption of non-dominance.¹ Moreover, the Foreign Carriers hold significantly less than a 50 percent market share in the international transport and local access markets on the foreign end of the relevant routes.

Question 16

GetGo requests continued regulation as a non-dominant international carrier pursuant to Section 63.10 of the Commission’s rules. In response to Question 12(c) above, the Foreign Carriers do not possess market power in their respective markets. In addition, the Foreign Carriers are resellers of telecommunications services and lack sufficient market power to affect competition adversely in the U.S. and do not control bottleneck facilities in their respective markets.² Therefore, GetGo is entitled to non-dominant classification on the affiliated routes.

Question 17

On April 3, 2018, LogMeIn, Inc., the ultimate parent company of GetGo, acquired Jive Communications, Inc., which wholly owns each of the Foreign Carriers. Therefore, as of that date, GetGo became affiliated with the following foreign carriers: (i) Jive Telecomunicações do Brasil Ltda., a reseller of telecommunications in Brazil; (ii) Jive Communications Technology
