APPLICATIONS FILED FOR THE TRANSFER OF CONTROL OF TW TELECOM INC. TO LEVEL 3 COMMUNICATIONS, INC.

PLEADING CYCLE ESTABLISHED

WC Docket No. 14-104

Comments/Petitions Due: August 18, 2014
Reply/Oppositions Due: September 2, 2014

Level 3 Communications, Inc. (Level 3 Parent) and tw telecom inc. (TWT Parent) (together, Applicants) filed a series of applications¹ pursuant to sections 214 of the Communications Act of 1934, as amended (Act),² and the Cable Landing License of 1921,³ seeking approval for various transfers of control of licenses and authorizations held by TWT Parent's subsidiaries (TWT Subsidiaries) to Level 3 Parent.

TWT Parent, a publicly traded Delaware corporation, wholly owns tw telecom holdings inc. (TWTH), a Delaware corporation that is the direct or indirect parent of 35 TWT Subsidiaries currently providing interstate and international telecommunications services in 46 states and the District of Columbia.⁴ Applicants state that the TWT Subsidiaries provide business Ethernet, data networking, IP-based virtual private network, Internet access, voice, Voice over Internet Protocol, and network services to enterprise customers and carriers.⁵ They further state that the TWT Subsidiaries serve 76 U.S. metropolitan markets and operate a fiber network spanning more than 24,300 route miles with direct connections to more than 20,000 buildings, including 550 third-party data centers.⁶ One of the subsidiaries, tw telecom of hawaii l.p. (TWT Hawaii), has a joint interest in the Hawaiian Islands Fiber Network (HIFN), a non-common carrier submarine cable system connecting six of the Hawaiian Islands.⁷

Application for Consent to Transfer Control of Authority to Provide Global Facilities-Based and Global Resale International Telecommunications Services and of Domestic Common Carrier Transmission Lines, Pursuant to Section 214 of the Communications Act of 1934, as Amended*, WC Docket No. 14-104 (filed July 8, 2014) (Application); ITC-T/C-20140707-00193 (filed July 7, 2014); and, SCL-T/C-20140707-00005 (filed July 7, 2014).

⁷ TWT Hawaii owns HIFN jointly with Wavecom Solutions Corporation (Wavecom), a subsidiary of Hawaiian Telcom Inc. This transaction does not affect the Wavecom ownership in HIFN. *Id.* at 13.

Applicants state that TWT Parent was originally founded as a division of Time Warner Cable, which was owned by Time Warner Inc. Time Warner Inc. sold its ownership stake in TWT Parent in 2006, and, according to Applicants, neither Time Warner Inc. nor Time Warner Cable currently hold any ownership interest in TWT Parent.⁸

Applicants state that Level 3 Parent, a publicly-traded Delaware corporation, through its operating subsidiaries, offers communications services over its broadband fiber-optic network in North America, Europe, and Asia, including IP-based services, broadband transport, collocation services, and voice services.⁹ After consummation of the proposed transaction, Applicants assert that the following entities will hold a ten percent or greater interest in Level 3 Parent: Southeastern Asset Management, Inc. (16.6 percent), a Tennessee corporation, and, indirectly, Temasek Holdings (Private) Limited (Temasek) (16.3 percent), which is wholly owned by the Government of Singapore.¹⁰

According to Applicants, Level 3 Parent will acquire all of the issued and outstanding stock of TWT Parent through what they describe as a two-step “double reverse triangular merger.”¹¹ They explain that Level 3 Parent and its special-purpose subsidiaries, Saturn Merger Sub 1, LLC (Merger Sub 1) and Saturn Merger Sub 2, LLC (Merger Sub 2), both Delaware limited liability companies, have agreed to acquire TWT Parent in a stock and cash transaction that will result in Level 3 Parent controlling the TWT Subsidiaries.¹² In the first step of the merger, Merger Sub 1 will merge into TWT Parent, with TWT Parent surviving. In the second step, Merger Sub 2 will merge into TWT Parent, with Merger Sub 2 surviving as a wholly-owned, direct subsidiary of Level 3 Parent and renamed as tw telecom llc.¹³ After consummation of the proposed transaction, TWT and the TWT Subsidiaries will be direct or indirect subsidiaries of tw telecom llc. As a part of the transaction, Applicants state that Level 3 Parent anticipates issuing approximately 98 million shares of common stock, which will dilute the ownership interest of Level 3 Parent’s existing shareholders, including existing foreign shareholders.¹⁴

Applicants assert that the proposed transaction is in the public interest. They maintain that Level 3 Parent and its subsidiaries are qualified to serve TWT Parent’s customer base and that the transaction will increase competition by joining two complementary, non-dominant providers and strengthening their ability to compete with larger incumbent providers and with other competitive carriers.¹⁵ They further assert that the proposed transaction will not impact competition for local exchange and interstate services because the TWT Subsidiaries and the subsidiaries of Level 3 Parent have focused on different segments of the enterprise market for these services and compete against many incumbent and competitive carriers.¹⁶ They also commit to comply with the existing network security agreement between Level 3

REQUEST FOR RECLASSIFICATION

Four subsidiaries of Level 3 Parent (Level 3 International Carriers) have filed petitions pursuant to section 63.13 of the Commission's rules,¹⁹ requesting that they be reclassified as non-dominant carriers under section 63.10 of the Commission's rules on the U.S.-Singapore route.²⁰ The Level 3 International Carriers request that the Commission act on these petitions concurrently with the applications filed in connection with Level 3 Parent's acquisition of TWT Parent and that such reclassification be effective upon consummation of that acquisition. The Level 3 International Carriers are classified as dominant on the U.S.-Singapore route due to their affiliation with Singapore Telecommunications LTD (SingTel), a
