Re: Surrender of International Section 214 Authorizations

Dear Ms. Dortch:

MCI Communications Corporation, on behalf of the wholly-owned subsidiaries identified below (“Verizon Subsidiaries”), hereby surrenders the following international Section 214 authorizations (the “Section 214 Authorizations”), effective immediately.

As detailed below, certain Section 214 Authorizations are no longer necessary because they are associated with submarine cable systems that have since been retired and are no longer in use or they are specific to certain routes, facilities, and/or services, and are duplicative of the Verizon Subsidiaries’ global international Section 214 authority.¹ Accordingly, the Section 214 Authorizations are unnecessary, and their surrender does not affect the authority for the Verizon Subsidiaries to provide services or facilities to customers.

Section 214 Authorizations Associated with Retired Submarine Cable Systems

Licensee	Surrendered Section 214 Authorizations
Verizon Business Network Services Inc.	ITC-214-19910113-00005 (North Pacific Cable System)
