***1** IN THE MATTER OF

TELEFONICA LARGA DISTANCIA DE PUERTO RICO
 US SPRINT COMMUNICATIONS COMPANY LIMITED PARTNERSHIP
 AMERICAN TELEPHONE AND TELEGRAPH COMPANY
 MCI INTERNATIONAL, INC.
 ST. THOMAS AND SAN JUAN TELEPHONE COMPANY, INC.
 TRT/FTC COMMUNICATIONS, INC.
 GTE HAWAIIAN TELEPHONE COMPANY INCORPORATED
 WORLD COMMUNICATIONS, INC.

JOINT APPLICATION FOR AUTHORIZATION UNDER SECTION 214 OF THE COMMUNICATIONS ACT
 OF 1934, AS AMENDED, TO CONSTRUCT AND OPERATE THE TAINO-CARIB FIBER OPTIC
 SUBMARINE CABLE SYSTEM EXTENDING BETWEEN PUERTO RICO AND ST. THOMAS IN THE U.S.
 VIRGIN ISLANDS AND THE BRITISH VIRGIN ISLANDS

File No. **I-T-C-92-106**
 Adopted: June 25, 1992; Released: July 8, 1992
 ORDER AND AUTHORIZATION

By the Chief, Common Carrier Bureau:

1. The Commission has before it for consideration a joint application filed by the above-captioned applicants (hereinafter collectively referred to as "Joint Applicants") for authority under Section 214 of the Communications Act of 1934, as amended, to construct and operate a fiber optic submarine cable (TAINO-CARIB) system extending between Puerto Rico, St. Thomas in the U.S. Virgin Islands, and Tortola in the British Virgin Islands. The application was placed on public notice on February 19, 1992. No comments were received.
2. The proposed TAINO-CARIB system will consist of six fiber pairs between Puerto Rico and St. Thomas and six fiber pairs between St. Thomas and Tortola, with each fiber pair operating at a speed of 560 Mbps. The TAINO-CARIB cable will have a design capacity equivalent to 45,360 64-Kbs circuits. [FN1]
3. Upon review of the application, we find that grant of Section 214 authorization for Joint Applicants to construct and operate the TAINO-CARIB cable system will serve the public interest. The cable system will provide much needed connectivity with other digital cable systems in the region, thereby increasing service reliability. Because of the increased connectivity provided by the TAINO-CARIB system, both route and path diversity will be increased and the Joint Applicants will be able to utilize restoration alternatives that are not presently available.
4. Accordingly, IT IS ORDERED that Joint Application File No. **I-T-C-92-106** IS GRANTED and the Joint Applicants are authorized to:
 - (a) construct and operate a digital fiber optic submarine cable system (TAINO-CARIB) extending between Puerto Rico, St. Thomas in the U.S. Virgin Islands and Tortola in the British Virgin Islands;
 - (b) acquire and activate capacity in the TAINO-CARIB cable system, on an ownership basis, in the number of MIUs (Minimum Investment Unit which consists

(Cite as: 1992 WL 691145, *1 (F.C.C.))

of a usable 2.048 Mbps circuit plus 162.5 Kbps required for multiplexing) specified in Schedule D appended hereto;

(c) acquire capacity, by lease, in such connecting facilities as may be required to extend capacity in the TAINO-CARIB cable system in Puerto Rico and the U.S. Virgin Islands; and

(d) activate and operate capacity in the TAINO-CARIB cable system and aforementioned extension facilities for the provision of the Joint Applicants' authorized telecommunications services.

*2 5. IT IS FURTHER ORDERED that when a given Joint Applicant seeks to acquire or transfer an ownership or IRU interest in the TAINO-CARIB capacity, the reimbursement it receives shall be on the basis of depreciated original cost (or the pro-rated accumulated cost of such circuit if the systems are not then operational) or in conformance with such policy as the Commission shall develop in the future regarding the price at which IRUs will be made available.

6. IT IS FURTHER ORDERED that the Joint Applicants shall make available half-interests in the TAINO-CARIB capacity to such present and future U.S. carriers as may be authorized by the Commission to acquire such capacity.

7. IT IS FURTHER ORDERED that all Joint Applicants' tariffs must state that its customers may not resell international private lines leased from any Joint Applicant or connect them to the public switched network for the provision of international basic telecommunications services, including switched voice services, unless authorized to do so by the Commission upon a country-specific finding of resale opportunities equivalent to those available under U.S. law, in accordance with Regulation of International Accounting Rates, Phase II, First Report and Order, 7 FCCRcd 559 (1991), petitions for reconsideration pending.

8. IT IS FURTHER ORDERED that the Commission retains jurisdiction to reallocate U.S. carriers' interests in capacity herein authorized, as the public interest may require to accommodate additional carriers or otherwise, with, where required, the concurrence of the foreign administration or carriers concerned, and, further, jurisdiction is retained by the Commission over all matters relating to the Joint Applicants' ownership, management, maintenance, and operation of the cable system as authorized herein, to assure the most efficient use not only of this cable system, but of all means of communications between the U.S. and points served by the TAINO-CARIB cable system.

9. IT IS FURTHER ORDERED that the Joint Applicants shall include TAINO-CARIB facility use in the monthly Circuit Status Reports filed pursuant to the Commission's Orders. These reports shall be filed no later than the 20th day of each month providing the information for the preceding month.

10. IT IS FURTHER ORDERED that the Commission retains jurisdiction to review the multiplexing and interworking arrangements and attribution of the costs thereof and to require such changes in the provision of these services and equipment as may be necessary.

11. IT IS FURTHER ORDERED that no Joint Applicant that is deemed a dominant carrier pursuant to the Commission's decision in CC Docket No. 85-107 [FN2] shall either dispose of any interest in TAINO-CARIB capacity it is authorized to acquire to any entity on an ownership basis or dispose of any interest in any such capacity in any way to a non-U.S. telecommunications service provider without prior authorization of the Commission.

7 F.C.C.R. 4266
(Cite as: 1992 WL 691145, *2 (F.C.C.))

12. This order is issued under Section 0.291 of the Rules and is effective upon adoption. Petitions for reconsideration under Section 1.106 or applications for review under Section 1.115 of the Rules may be filed within 30 days of public notice of this order (see Section 1.4(b)(2)).

[Note: The following TABLE/FORM is too wide to be displayed on one screen. You must print it for a meaningful review of its contents. The table has been divided into multiple pieces with each piece containing information to help you assemble a printout of the table. The information for each piece includes: (1) a three line message preceding the tabular data showing by line # and character # the position of the upper left-hand corner of the piece and the position of the piece within the entire table; and (2) a numeric scale following the tabular data displaying the character positions.]

(Cite as: 1992 WL 691145, *4 (F.C.C.))
