Dear Valued Customer:

ACOMM Inc. regrets to inform you that it is preparing to cease providing long distance service to customers in your service area. In order to avoid a disruption in service, you must make arrangements for service with a new long distance company before the cut-off date noted below. The names and telephone numbers of long distance service companies are listed in your telephone directory. Customer service representatives at these companies will help you to select services to most effectively replace your current ACOMM Inc. service. Effective with this notice, ACOMM Inc. will not make any changes to or reconnect existing service and will not accept orders for new service.

The Federal Communication Commission requires us to provide you with the following notice in connection with its review of the proposed discontinuance:

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address them to the Federal Communication Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of ACOMM Inc. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.
