Re: Notification of Surrender of Certain International Section 214
Authorizations of WorldCom, Inc. and Certain of its Subsidiaries

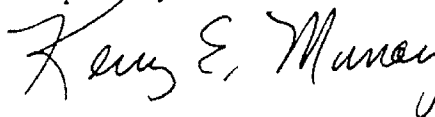

Dear Ms. Dortch:

On August 16, 2002, WorldCom, Inc. and certain of its subsidiaries (collectively "WorldCom") notified the Commission of the *pro forma* assignment of the international Section 214 authorizations held by WorldCom to WorldCom as Debtors-in-Possession.¹

By this letter, WorldCom notifies the Commission of certain international Section 214 authorizations that are no longer needed by WorldCom and certain of its subsidiaries.² These authorizations are duplicative of authorizations already held by WorldCom. As a result, WorldCom hereby surrenders these authorizations to the Commission. WorldCom continues to hold all necessary authorizations to serve its U.S. international customers, and does not intend to discontinue service on any U.S.-international route.

Kindly communicate any questions regarding this matter directly to this office.

Respectfully submitted,

Kerry E. Murray

Enclosure

cc: Breck Blalock, International Bureau
George Li, International Bureau
Susan O'Connell, International Bureau

¹ The notification of *pro forma* assignment was filed pursuant to FCC File No. WC-02-215.

² A list of these international Section 214 authorizations is attached hereto. These authorizations were not included in the August 16, 2002 notification, as they are no longer needed.
