Re: MCI, Inc., Notice of Name Change Under Section 63.21(i)

Dear Ms. Dortch:

On January 25, 2006, Verizon Communications Inc. ("Verizon") notified the Commission that its acquisition of MCI, Inc. ("MCI") had closed on January 6, 2006.¹ As described in the applications for approval of the acquisition, the closing was effectuated by the merger of MCI with a wholly-owned subsidiary of Verizon.² As required by Section 63.21(i) of the Commission's rules, this letter advises the Commission that the merged entity, which now holds the FCC authorizations formerly held by MCI, Inc, changed its name to MCI, LLC concurrently with the closing.³ The file numbers for the affected licenses and authorizations are listed in Attachment A.

¹ See Letter from Karen Zacharia, VERIZON, to Marlene Dortch, Secretary, FCC, Re: Notification of Consummation of Transfer of Control of Licenses and Authorizations, WC Docket No. 05-75 (filed Jan. 25, 2006).

² This *pro forma* merger of MCI with Verizon's wholly-owned subsidiary was previously approved as part of Verizon's acquisition of MCI in the *Verizon-MCI Order*. *Verizon Communications Inc. and MCI, Inc. Applications for Approval of Transfer of Control*, Memorandum Opinion and Order, WC Docket No. 05-65, FCC 05-184 (rel. Nov. 17, 2005) ¶ 9 ("Verizon-MCI Order"). However, if the Commission deems it necessary, Verizon respectfully requests that the FCC treat this letter as the required notification of the *pro forma* assignment of MCI, Inc.'s cable landing licenses and international section 214 authorizations to MCI, LLC under Sections 1.767(g)(7) and 63.24(d) of the Commission's rules. Verizon certifies that the assignment was *pro forma*, as defined in Section 63.24 of the Commission's rules, and, together with all previous *pro forma* transactions, did not result in a change of MCI, LLC's ultimate control.

³ 47 C.F.R. § 63.21(i).

Please contact the undersigned with any questions.

Respectfully submitted,

VERIZON
