Subject: Telsave Corporation d/b/a Independent Network Services

Dear Mr. Li:

I am trying to verify whether the company referenced above has a valid 214 international certificate. I have a copy of the FCC's Public Notice dated March 21, 1996 listing the Company as having been granted 214 certification effective on March 18, 1996, with ITC File No. ITC-96-053. However, because the certification is so old, the don't appear to be in the FCC's electronic system, so I can't verify that the certification remains active. Is there a way to determine that?

Thank you for your assistance.
