Re: Notification of Wholly-Owned Subsidiary Provision of International Resale Service
Northeast Communications of Wisconsin, Inc. (Parent)
International Section 214 Authorization File Number: **ITC-214-19970403-00193**

Dear Sir:

On behalf of Northeast Communications of Wisconsin, Inc. ("NEC"), and pursuant to 47 C.F.R. § 63.21(h) which requires notification to the Commission within 30 days after the commencement of International Service pursuant to the parent-wholly owned subsidiary provision, please be advised that as of March 1, 2009 two of NEC's wholly-owned subsidiaries began providing International Resale Service under NEC's International Section 214 Authorization which bears File Number ITC-214-19970403-00193. File Number ITC-214-19970403-00193 authorizes the provision of Global Resale Service.

All companies share the same mailing address at 450 Security Blvd, Green Bay, WI 54313, and they share the same phone number, 920-617-7000. All companies are organized under the laws of the State of Wisconsin.

NEC's wholly-owned subsidiaries which are providing International Resale Service are:

- 1) Brown County MSA Cellular Limited Partnership; and
- 2) Nsighttel Wireless, LLC

There are no statutes or regulations which preclude Brown County MSA Cellular Limited Partnership or Nsighttel Wireless, LLC from holding International Section 214 authorizations in their own name. Accordingly, NEC's two wholly-owned subsidiaries are legally qualified to provide Global Resale Service under NEC's International Section 214 authorization.

Should any questions arise concerning this matter, kindly contact the undersigned.

Respectfully,

Timothy E. Welch
