International telecommunications services will be obtained by CNM from other common carriers who are currently authorized by the Commission to provide international service. Initially, CNM will only resell international switched services. However, CNM requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by CNM will not have any significant impact on the general provision of such service to the public. However, additional competition in the market -- including the competition of CNM -- benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of CNM's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of the applicant:

California Network Management, also d/b/a Corporate Network Management  
16633 Ventura Boulevard, Suite 1420  
Encino, CA 91436

Telephone: (818) 783-2727

Facsimile: (818) 783-6363

(b) CNM is incorporated under the laws of the state of California.

(c) Correspondence concerning this application should be sent to:

Mr. Richard Franz, Vice President  
California Network Management, also d/b/a Corporate Network Management  
16633 Ventura Boulevard, Suite 1420  
Encino, CA 91436

(d) CNM has not received previous authority under Section 214.

(e) CNM requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, CNM proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.

(f) See (e) above.

(g) CNM does not seek facilities-based authority under Section 63.18(e)(6).

(h) CNM certifies that it is not a foreign carrier nor is CNM affiliated with any foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services CNM proposes to resell. In support of this certification, CNM submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders.

<u>Name/Address</u>	<u>Citizenship</u>	<u>Principal Business</u>
Mr. Steven Bitter	US Citizen	Telecommunications
Mr. Richard Franz	US Citizen	Telecommunications

Mr. Steven Bitter has 80% ownership and Mr. Richard Franz has 20% ownership of the Company. The owners may be contacted through CNM's offices at 16633 Ventura Boulevard, Suite 1420, Encino, CA 91436.

(i) CNM certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which the applicant may serve and will not enter into such agreements in the future.

(j) The Applicant certifies that neither CNM nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

Conclusion

As demonstrated in this application, California Network Management, also d/b/a Corporate Network Management, is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.
