In the Matter of
Transmission Networks, Inc.
d/b/a Transnet

Application for authority pursuant to
 Section 214 of the Communications
 Act of 1934, as amended, to resell
 service of other common carriers to
 provide telecommunications service as
 a nondominant carrier from the
 United States to international points.

File No. _____

APPLICATION FOR AUTHORITY

Transmission Networks, Inc. d/b/a Transnet ("Transnet") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.01 of the Commission's Rules, 47 C.F.R. Section 63.01, to resell the international telecommunications services of other common carriers between the United States and various international points.

Transnet is a corporation organized under the laws of the state of California. The company intends to resell the telecommunications services of other common carriers and is not a facilities-based carrier. Transmission Networks's service will be offered for use by other telecommunications carriers and consumers, business customers with foreign offices, foreign firms with US operations, or other individuals and entities who subscribe to the company's interstate and/or intrastate services. Through Transnet's service, customers may originate calls from locations within the United States to other countries, and from foreign locations to terminate in the United States. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of call termination options. By providing international calling services Transnet will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by Transmission Networks from other common carriers who are currently authorized by the Commission to provide international service. Initially, Transnet will only resell international switched services. However, Transnet requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by Transnet will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of Transnet - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of Transnet's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

(a) The name, address and telephone number of the applicant:

Transmission Networks, Inc.
d/b/a Transnet
333 City Boulevard West
Suite 1700
Orange, California 92868
(714) 938-3270

(b) Transnet is incorporated under the laws of the state of California.

- (c) Correspondence concerning this application should be sent to:

Transmission Networks, Inc.
333 City Boulevard West
Suite 1700
Orange, California 92868
Telephone: (714) 938-3270
Facsimile: (714) 938-3271

- or -

Technologies Management, Inc.
P.O. Box 200
Winter Park, Florida 32790-0200
Telephone: (407) 740-8575
Facsimile: (407) 740-0613

- (d) Transnet has not received previous authority under Section 214.
- (e) Transnet requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, Transnet proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.
- (f) See (e) above.
- (g) Transnet does not seek facilities-based authority under Section 63.18(e)(6).

(h) Transnet certifies that it is not a foreign carrier nor is Transnet affiliated with any foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services Transnet proposes to resell. In support of this certification, Transnet submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders.

Name/Address
Christopher G. Hall

Citizenship
U.S.A.

Principal Business
Transmission Networks, Inc.

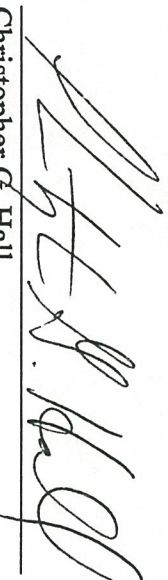

(i) Transnet certifies that it has not agreed to accept special concessions directly or indirectly from any foreign carrier or administration with respect to traffic or revenue flows between the U.S. and any foreign country which the applicant may serve and will not enter into such agreements in the future.

(j) The Applicant certifies that neither Transnet nor any party to this application is subject to a denial of Federal benefits, as provided in the Anti-Drug Abuse Act of 1988, 21 U.S.C. 853a.

Conclusion

As demonstrated in this application, Transmission Networks, Inc. d/b/a Transnet is legally, financially and technically qualified to provide the services for which it requests authority. For the reasons stated above, applicant submits that the public interest, convenience and necessity would be furthered by a grant of this Section 214 application.

Dated this 4th day of September 1998.

CERTIFICATION

I hereby certify that Transmission Networks, Inc. d/b/a Transnet is not affiliated with any foreign carrier. Transmission Networks, Inc. is not affiliated with any facilities-based carrier whose services it intends to resell. To the best of my knowledge and belief, all of the statements made in this application are true and correct.
