APPLICATION FOR AUTHORITY

Cannect Communications, Inc. ("Cannect") hereby requests authority, pursuant to Section 214 of the Communications Act of 1934, as amended, 47 U.S.C. Section 214, and Section 63.18 of the Commission's Rules, 47 C.F.R. Section 63.18, to resell the international telecommunications services of other common carriers between the United States and various international points.

Cannect is a corporation organized under the laws of the province of British Columbia, Canada. The company intends to resell the telecommunications services of other common carriers and is not a facilities-based carrier. Cannect's service will be offered for use by residential and business customers who subscribe to the company's interstate and/or intrastate services. Through Cannect's service, customers may originate calls from locations within the United States to other countries, and from foreign locations to terminate in the United States. The company seeks authority to resell international telecommunications services to better serve its customers by offering a full range of call termination options. By providing international calling services Cannect will be able to offer its customers valuable service at competitive rates.

International telecommunications services will be obtained by Cannect from other common carriers who are currently authorized by the Commission to provide international service. Initially, Cannect will only resell international switched services. However, Cannect requests authority to resell private line service in the future as contemplated under Section 63.18 (e) (2) and subject to the restrictions imposed therein.

The provision of international service by Cannect will not have any significant impact on the general provision of such service to the public. However, additional competition in the market - including the competition of Cannect - benefits consumers of international telecommunications services. The benefits of competition include lower prices and increased availability of a variety of service options. Thus, the grant of this authorization is consistent with the public interest.

In support of Cannect's request for authorization, the following information is submitted pursuant to Section 63.18 of the Commission Rules, 47 C.F.R. Section 63.18.

- (a) The name, address and telephone number of each applicant:

- (d) Cannect has not received previous authority under Section 214.
- (e) Cannect requests Section 214 Authority to operate as a resale carrier pursuant to the terms and conditions of Section 63.18(e)(2). Specifically, Cannect proposes to resell the international services of any authorized common carrier pursuant to tariff or contract duly filed with the Commission, for the provision of international basic switched, private line, data, television and business service to all international points, as authorized by the Commission.
- (f) See (e) above.
- (g) Cannect does not seek facilities-based authority under Section 63.18(e)(6).

(h) Connect certifies that it is not a foreign carrier nor is it affiliated with any other foreign carrier. Applicant further certifies that it has no affiliation with any U.S. Carriers whose facilities-based services Connect proposes to resell. Connect is incorporated under the laws of British Columbia, Canada where it currently operates as a long distance reseller. In support of this certification, Connect submits the following information of its ten percent or greater direct and indirect shareholders or other equity holders as required under (2).
